## Important Notice to All for 2022

### Dear Valued Exhibitor

What ever happened to 2020/ 21 I hope you are all safe and well.

On behalf of the committee and the friends of Stradsett rally we thank you all very much for supporting our 2019 Stradsett Park Vintage Rally which we enjoyed and sincerely hope you did too. We had a very successful year raising over £10,000 for local charities so thank you for your kind support. Sadly due to the Covid-19 our 2020 and 2021 rallies were not able to go ahead so lets hope 2022 is better for us all.

Nevertheless, due to a very high demand to attend the rally in previous years, the committee have again decided next year we will be giving first refusal to our local and national club members. All NVTEC-EA and any other NVTEC National club members will be guaranteed a space should they choose to attend subject to them meeting out terms and conditions. So please join now to avoid disappointment as there are many benefits.

So please download a 2022 membership form, fill in and return. This will give you personal insurance and 4 quarterly National Vaporizing magazines. In addition to that If you are a member of the East Anglia club, you will also receive 4 quarterly 'Vintage Torque' magazines all posted to your door. Both the magazines will keep you up to date with events and what is going on in the vintage world both locally and nationally.

We are looking forward to another great show in 2022 and hope to see you there, For this year's show we are keeping the same theme from 2020 so the feature will remain as Minneapolis-Moline, 77 years of E2N's and Eastern European Tractors as the main theme. Our 2022 rally will be held on Sunday 1st and Monday 2nd May 2022 with exhibitors being able to arrive from 9.00am on Friday 29<sup>th</sup> April. I am writing this in January 2022 although I am nor sure where we will be by May of 2022. But where ever we are with this virus, providing we can go ahead please try to keep a safe distance and stay safe at all times.

Lastly, due to ever increasing costs, better display purposes and ageing helpers, the committee has decided to put all the stationary engines in an enclosed area. You will however also have a dedicated camping area close by. We are sorry for any inconvenience this will cause.

Kind Regards,

Gordon Carson
